

# Discover Top Talent in the Stratford-Bruce Peninsula Area

Find the right talent for your business:

- Use our powerful tool to help you find qualified candidates from a pool of job seekers with the skills you need.
- Create custom job postings to attract local talent.
- Streamline hiring using the AI-driven tools to match with candidates quickly and efficiently.
- Use the search feature to identify candidates based on experience, skills, and location.
- Connect with job seekers in your community directly from the platform.

This Employment Ontario project is funded in part by the Government of Canada and the Government of Ontario.

# Digital Service Delivery Platform

## Using the Platform

### Job Seekers

Job seekers enter their education and experience.

01

The AI-tool suggests skills related to past job titles.

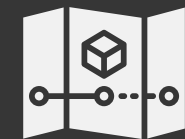

Job seekers select industries of interest and a desired career path.

02

Job seekers select skills that match their education and experience.

03

Job seekers apply to job postings and track job applications on the platform.

04

The platform selects job postings that match the job seeker's career path and skill set.

05

The platform suggests local learning opportunities to obtain missing skills.

06

### Employers

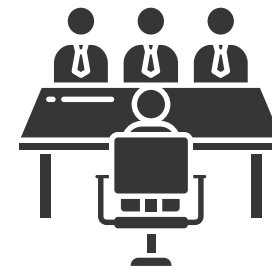

01

#### Custom Job Postings

Employers use the AI-tool to select desired skills based on the job title.

Post the job within the platform to attract job seeker applications.

Select applicants to interview.

02

#### Matching

Employers use the platform to search for candidates in the job seeker pool based on years of experience, desired skills, and location.

Employers contact job seekers using the information in the platform to discuss whether they are a good fit for the job or invite them for an interview.
